CAH, A LAND OF CHAMPIONS

The commitment to sport for all and high-level sport has always been at the heart of the Communauté d'Agglomération's concerns.

The area has many good facilities for many sports and meets the highest standards for sportsmen and women to train in the best conditions.

The strategy dedicated to supporting young talent has led to the emergence of sportsmen and women who are now playing at the highest European and world level in many sports.

The region offers an optimal environment for athletes, coaches, and their staff, whether in terms of accommodation, logistics or medical support.

The CAH has a proven track record of hosting leading national and international sporting experiences: The French-Alsation Rally in the heart of the city, an air show with the French Patrol which attracts more than 60,000 people over a weekend, the semi-finals of the TOP 12 (gymnastics), a France-Germany-Romania match in 2022, and a rugby match as part of the VI nations: France/Wales in the U20 category, much to the delight of the supporters who are seated under a covered stand.
